

THE ARIZONA SILVER BELT.

OFFICIAL PAPER OF GILA CO.

Saturday, June 21, 1890.

Entered in the Post Office at Globe, as second-class matter.

This paper is kept on file at F. C. Dake's Advertising Agency, 61 and 63 Merchants' Exchange, San Francisco, Cal., where contracts for advertising can be made for it.

LOCAL NEWS.

Coke and merchandise is coming in freely.

Location notices for sale at the Post Office Store.

The militia company drills every Tuesday night.

J. B. Willey, of Catalpa, was in town on Wednesday.

Choice cigars and tobacco at G. S. Van Wagenen's.

Fresh candies received this week at the Postoffice Store.

H. C. Hitchcock has his Artie soda fountain in full blast for the summer months.

Teamsters complain of very bad roads and short feed between Globe and Wilcox.

Grass and water are becoming scarce everywhere, owing to continued drouth and wind.

Eugene Middleton came in from Riverside Wednesday evening and returned on Friday.

Harrison Jewell was, on Monday, appointed administrator of the estate of Mrs. Mary G. Allen.

Hugh Conahan was appointed and has qualified as administrator of the estate of Jeremiah Ryan.

For custom made clothing made to order and warranted to fit, go to G. S. VAN WAGENEN.

The subject of the evening sermon at the M. E. Church to-morrow will be, "The Unknown God." Service begins at 8 o'clock.

The Consolidated Bank of Tucson will pay the highest price for Gila county warrants, either in cash or in San Francisco exchange.

Dennis Murphy, who returned from Apache on Thursday, with a hundred head of sheep, gives a glowing account of that section as a pastoral region, water and grass most abundant, and grateful shade for stock.

We are requested to give notice that there will be a meeting held on Tuesday evening next, at the Court House, at 8:30 p. m., to consider a programme for a public entertainment for the coming Fourth of July. All citizens are earnestly requested to attend.

Messrs. A. P. Thomas and John Daniell paid a flying visit to Globe, remaining about as long as the subject of Vic. who crossed the raging ocean to see the falls of Niagara and quipped at it through an inverted glass from a hotel window. The object of their visit was in reference to Copper Hill property. Mr. Thomas was once superintendent of the Old Dominion Copper Company's works.

H. Buchman, the justly noted photographer, who was in Globe almost a month, catching reflected likenesses of our citizens, left on Wednesday morning for his home in Tucson, where he is regarded as an old inhabitant. While here he transferred the lint white locks of the subscriber to pasteboard, sans wrinkles of his face devoid which conveys the impression that in our race with time we had outstripped the pursuer death.

The Laird of Whittlencroft is said to have brewed good ale for gentlemen, but it was no such beverage as, in this enlightened age, is prepared by Al. Kinney with a view, during the heated term, of driving all discordant elements from the corporeal system of the sons and daughters of Adam. It reduces your temperature to such an extent as to render you oblivious to the fact that the thermometer independent of the wishes of suffering humanity, marks 100 in the shade.

H. C. Hitchcock, the druggist, wishes us to remind his patrons that it is a dangerous policy to wait until taken sick before buying a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Every family should be provided with some reliable remedy for bowel complaint, ready for immediate use, whenever required. During the summer months, and this remedy is unquestionably far superior to any other. It can always be depended upon, and is pleasant and safe to take. It is put up in 25 and 50 cent bottles.

MR. BLANDY'S MINING "STATISTICS."

Prescott, Arizona, June 9th, 1890. ENDS SILVER BELT, Globe, Arizona.—Gentlemen:—Allow me to thank you for your little criticism in your paper of May 31st, on my statistics of the precious metals, although you have not done me justice. In my report I give the items of gold \$241,407 and silver \$263,864, which I stated belongs mostly to the southern counties, but that I have not the information necessary to tell how to distribute it amongst them. In this remark I included Gila county.

I sent to your section 25 circulars asking for the production of various mines and I did not receive a single answer. Yours is the only county from which I failed to receive any answers.

I am much obliged to you for the item that the Fame yielded for 1889 \$23,681.19 and shall be glad to receive any other information you can give me on the subject.

In order that I may be further and better posted on your section please send me regularly a copy of your paper. Yours respectfully,

JOHN F. BLANDY.

We do not agree with Mr. Blandy that the Belt did him an injustice. Its criticism of his official statement was mildly drawn. He also complains that his circulars sent to Gila county asking for information was not responded to, which is probably accounted for by the fact that the Territory pays him \$1,500 annually and traveling expenses for services which he asks others to do for him, gratis. He expresses himself as obliged to the Belt for the item "that the Fame mine yielded, for 1889, \$23,681.19." The Belt conveyed no such information. It did say "that a single run of silver bullion from thirty-nine tons of Fame ore, during that year (1889) exceeded by \$6,960.62 the official figures of Mr. Blandy for the entire year."

A PUDDLE IN A STORM.

A Strawberry letter of June 12th to Gila county's Superintendent of Public Schools, was received by him on the 18th instant, in which it is stated that the school house in that district, although in Gila county, is claimed by Messrs. Nash and Wingfield, school trustees of Yavapai county, notwithstanding it is on the east side of Fossil Creek, the designated line marking the boundary dividing, at that point, the counties of Gila and Yavapai. The Yavapai gentlemen have constituted themselves as a court of adjudication in contravention of the statutes respecting county boundaries. Even admitting Messrs. Nash and Wingfield is right, is not their action censurable for them to forbid the use of the school house—originally erected by the funds of the school district contributed by the citizens who are now within the limits of Gila county, and nail the door and windows of the building with a view of blocking instruction of children? Paragraph 1810 of the Penal Code is suggestive of food for reflection.

At the date of the letter referred to Gila's trustees were again in possession of the school house. J. L. T. Watters, of Duncan, subcontractor for carrying the mails between Globe and Florence, and Globe and Fort Thomas, was here this week to arrange for service over the former route. He effected the purchase from Eugene Middleton, of the stock and vehicles now in use on the route. Mr. Middleton retires altogether from the road, but will retain possession of the station at Riverside which he will personally conduct.

Some odd sizes of ladies' shoes for sale VERY CHEAP at G. S. VAN WAGENEN'S.

Phil Askins, a noted nimrod of Tonto Basin, Gila county, although three score and ten, when his hounds open upon the track of a lion or a grizzly, exhibits the vigor of his youth. Recently he killed two silver tipped bear, a mother and son of at least a year's growth. There is, perhaps, no man living who can credit himself with having killed as many lions. His Arizona notch stick shows the number to be considerably over a hundred.

Main and fancy note paper, letter heads, writing tablets and envelopes, at very reasonable prices, at the Post Office Store.

William D. Haverly, father of W. C. and S. D. Haverly, accompanied by the family of the latter, arrived from Fort Scott, Kansas, a few days since. Mr. Haverly, senior, expresses surprise at the business activity of Globe, and is greatly pleased with our climate.

A few suits of ready made clothing at bed rock prices at G. S. Van Wagenen's.

The senior editor of the Belt tenders his acknowledgements of the receipt of an invitation from the trustees of Hampden-Sidney College, Virginia, to be present at the reception of the graduating class, 1890.

Extra fine marshmallows, burnt almonds, chocolate creams and caramels just received at the Post Office Store.

Harry Nash, having closed his school at Rye, is in Globe for the summer.

SAN CARLOS ITEMS.

C. Hagen, M. D., is expected here the last of the month.

Mr. Chas. Goli, hospital steward, is ordered to Fort Wingate for duty.

Mr. John Kingsbury left on the 18th inst. for a visit to his home at Kansas City.

D. R. Williamson has received the appointment of census taker for this vicinity.

All detachments that were out are now in and no trail of Kid was discovered.

Al. Sieber has been under the weather for the past week, but not incapacitated for duty.

Capt. Markley, of Fort Thomas, will make a short visit to Carlos as the guest of Capt. J. L. Bullis.

Tommy McDonnell was bitten by a large centipede Thursday night, which had gotten into his clothes.

Everything moving nicely at the Agency. The Indians are all busily engaged in harvesting their crops.

Capt. E. W. Kingsbury returned from the Fort Thomas hot springs on Tuesday, much improved in health.

Joe Thompson and his men are rapidly putting a new face on San Carlos surroundings through the agency of building material.

Lt. P. H. Clarke will soon take command of some White Mountain scouts, from Apache, to be used along the Mexican border.

We learn that orders have been issued abandoning Fort Thomas, and the troops will proceed at once to San Carlos, their future station.

The stars and stripes will henceforth wave over San Carlos. A flag staff is being erected at the post, sixty-four feet high. Also the cannon will be fired at sunrise and sunset daily.

Estimates were called for and have been rendered for the erection at the post of one large two-story canteen building, one large one-story building for drill room and one building for a gymnasium.

Yesterday Mr. Edward Jerry, industrial teacher at the Indian school, had his hand badly mangled by the explosion of a cartridge which he was reloading. It is probable that the thumb will have to be amputated.

Private Crocker, of I Troop, 10th Cavalry, was overcome by heat, creating inflammation of brain, yesterday, about 8 miles from Carlos. He was with Lieut. Reichman's detachment, which was returning to the post from a few days detached service along the Gila river.

For gallant and meritorious service in capturing the Indians who killed freighter Herbert, Lieut. Watson has received the promotion to Brevet Captain, 2d Lieut. P. H. Clarke to 1st Lieutenant. The Indian scout Rowdy gets a gold medal, and the remaining soldiers get certificates of merit. The announcement and presentations were made by Capt. Johnson, commanding, at a dress parade on Thursday evening.

The Hinzman has opened a boarding house at the north end of town, in the large frame building which he recently purchased from Mrs. M. J. Moore. The location, near the smelter, is convenient, and besides conducting a first-class restaurant, Mr. Hinzman has lodging accommodations desirable for men employed at the mine or smelter. His aim is to give boarders full value for their money. For board or lodging, apply to Mr. Hinzman on the premises.

The leading question now is: "Are you provided with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as a safeguard against an attack of bowel complaint during the summer months?" No family can afford to risk being without this invaluable medicine during the hot weather. It is almost certain to be needed, and is a friend indeed when required, as it never fails and is pleasant and safe to take. Twenty-five and 50 cent bottles for sale by H. C. Hitchcock.

An Act of 1889, amendatory of the law of 1887, requires precincts having 800 inhabitants to have two Justices of the Peace and two Constables, and makes it the duty of Boards of Supervisors to make the appointments of such officers who shall hold office until their successors are elected and qualified.

Simon Kinsman returned last week from England, to again take root for a season in Globe. His friends are disappointed that he did not bring his bride with him.

The Senate on the 16th passed the bill for the relief of Paymaster Wham for the \$28,345 taken from him, via et armis, by robbers, near Cedar Springs, Graham county, Arizona.

Bud Woodson and Leroy Kenberry were down from Richmond Basin this week. Chloriders at the Basin are making good wages this season.

It will be eight years to-morrow since Major Baldwin, first superintendent of the Mack Morris mine and mill, died in San Francisco.

THE EXTREME PENALTY.

Jefferson Wilson deposed William Fleming, a fellow soldier, from his quarters, at San Carlos Agency, August 26th, and "neath twinkling stars, knocked him in the head with a short bar of iron, but sufficiently long and heavy to render him forever oblivious to mundane affairs, and now Jefferson Wilson is resting under the shadow of death in the Maricopa county jail. Having been adjudged guilty of the inexcusable felony, Judge Kibbey said to him, "Jefferson Wilson, it is the order of the court that the United States Marshal shall take you to some secret and secure place at the Maricopa county jail or some other convenient place in this, the Second Judicial District and hang you by the neck until you are dead! The time of your execution will be fixed in the warrant." Whereupon, O. T. Rouse, the defendant's attorney, addressed the court upon a motion for a new trial on the ground that the United States had no jurisdiction in the matter, having surrendered to the Territory such jurisdiction by the act of 1885, and cited as a precedent the trial of Gon-shay-ee, which case, upon a similar footing, was tried in the Territorial courts. The motion was overruled and exception to the ruling was duly made. A motion for arrest of judgment was then interposed. The position assumed was: First, that the indictment did not state the exclusive jurisdiction of the United States; second, that the United States had no jurisdiction over the crime; third, that the indictment was found by a grand jury having no jurisdiction, the offense having been committed outside of Maricopa county. This motion was also not sustained. An exception to the ruling was taken. The court gave thirty days in which to file bill of exceptions and a statement of facts on appeal.

Wilson when asked if he had aught to say why sentence should not be pronounced upon him, said, "It is hard, Judge, that I should suffer when I am not guilty. Your Honor, all I ask is that you will be as light upon me as you can, as I am not guilty and should not suffer for what others have done." To which the Judge replied that the law was mandatory and left no discretionary power in the court. In that the Judge was in error. He might have ordered the marshal to deliver the body of the deceased to such surgeon as the court might direct, but as that is now regarded as abhorrent and not mandatory, that section of the United States statutes has fallen into disuse. The sentence being pronounced, Wilson was returned to a solitary cell where there would be no interruption in contemplation of his melancholy fate. His crime was deliberately planned and cruelly executed.

Cures Cancer of the Skin.

Mr. A. C. Tilly of Arcadia, La., writes the following under date of March 25th, 1889: "I have suffered with a malignant form of scrofula for twenty-five years, which afterwards developed into a cancer. In 1875 I had the cancer cut out, but not cured. Shortly after this the scrofula broke out all over my head and body in ulcers and eruptions, the ulcers were full of humor and continually running. I was in such a horrible condition from its effects that I could not sleep, and the strain on me was so great that I feared I would lose my mind. I consulted physician after physician and took thousands of dollars worth of medicine without receiving any benefit. Early in the spring of 1888 I was induced to try Swift's Specific (S. S. S.) That medicine had a wonderful effect on me, and in a short time I was entirely cured of the cancer and scrofula that I had suffered a living death from for twenty-five years.

Treatise on blood and skin diseases mailed free.

SWIFT'S SPECIFIC CO., Atlanta, Ga.

The Phoenix Republican says: "Governor Wolfley has issued a pardon for John Newman, sentenced from Gila county in April, 1889, for an assault weapon upon J. C. Evans. The sentence was for ten years, but there were many extenuating circumstances that led the citizens to believe it excessive. The petition for a pardon was signed by nine of the jurors who convicted him, and by nearly all the prominent citizens of Globe and vicinity."

W. W. Moore, of the Grand Opera House, Des Moines, is an early settler in that part of Iowa, and has had a great deal of experience in his time. He says: "At various times I have had acute attacks of bilious colic and violent pains in the stomach, and found nothing that gave me relief like Chamberlain's Colic, Cholera and Diarrhoea Remedy. Every person," he says, "should have a bottle." For sale by H. C. Hitchcock.

F. & A. M.—A picnic will be given on the 24th inst. under the auspices of White Mountain Lodge No. 3. Members of the Eastern Star and all M. M. in good standing are invited to attend. Those intending to go will leave their names with Mr. Alonzo Bailey, not later than the 19th.

C. A. Fisk, Sec'y.

THE FOURTH.

Patriotic interest in the 4th of July has sufficiently vitalized to insure a fitting recognition of the signing of that document by fifty-four delegates, then present, which since 1776, has been regarded as the charter of a free and independent nation. The programme of proceedings will be determined at a meeting of citizens on Tuesday evening, and be given publicity in the next issue of the Belt. Suffice it to say it will be eminently worthy the occasion.

Charles Bonquet, of Tonto, arrived on Sunday last with a load of luscious peaches, apricots and apples. His are probably the only peaches that will be received here this season and his crop is light. He will have an abundance of grapes, however, which will begin to ripen in a few weeks.

Messrs. Shanley, Sloan, Pringle, Pendleton Bros., Roggenstroh, and Horrell having sold cattle, will deliver same to Eastern parties at Holbrook. The total will probably number a thousand head.

Mrs. Charles Collins has gone to California on a visit.

J. C. Ramsdell was out on Thursday in his self propelling chair.

James Willets and wife left for Denver, Colo., a few days since.

On and after July 1st, the Globe postoffice will close at 7:30 p. m.

The Nogales Herald says George Schofield is chasing Chinese in Sonora.

Wint. House returned on Thursday from a brief visit to Southern California.

P. B. McCabe returned from Phoenix, on Sunday last, accompanied by Dr. Huff.

Go to the Drug Store of H. C. Hitchcock for a nice cold drink of soda water.

Guessing on the population of Globe now in order. We think 1200 is near the mark.

It is reported that the fire on Mazatzal range was started by stockmen in order to remove cattle from the dense underbrush with the view of branding them.

The Yuma Sentinel notes that Mrs. E. F. Kellner and children passed that place, going west on the 14th instant. Mrs. Kellner has been an invalid for some weeks and it will be a source of gratification to her Globe friends to know that she is again able to travel.

FOR SALE.—Ranch on Salt River with improvements, formerly known as the Hazard ranch. One hundred and sixty acres. Government patent secured. Inquire of

A DOCTOR'S REBUKE.

Immensely More Mischievous than is Generally Suspected. Dr. King, the eminent medical writer, in a learned dissertation on our national complaint, constipation, says:—The great quantity of cathartic pills, etc., which are annually swallowed by the people of this country, has been productive of immensely more mischief than is generally expected. First, the pills subvert the bowels, but in so doing, the physician fails to diminish the force of the intestinal action, but instead of removing the cause, he aggravates it, leaving the bowels in a more torpid condition. Joy's Vegetable Sarsaparilla was designed to all just such a contingency as the doctor's unaided anticipations, viz.: instead of being a powerful mineral purgative, it is a mild vegetable laxative, that, owing to its solvent and gentle stimulating properties, is so certain a relief in constipation that it has been given away to hundreds, not to be paid for unless it was of positive benefit. It replaces constipation almost immediately with a natural, easy habit, and is so mild that, unlike drastic purgatives, it can be taken indefinitely with perfect freedom and safety.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the spring time or, in fact, at any time and the better it is known the more popular it becomes.
